

BEVANS CEMETERY ASSOCIATION NEEDS OUR HELP!!!!

The Sandyston Township Historical Society is hoping you will help the Bevans Cemetery Association with donations to make much needed repairs to the historic Bevans Church, formally known as the Dutch Reformed Church of Peters Valley. This church is located in Peters Valley, for many years known as Bevans, New Jersey. This historic church was established in 1838. It is privately owned by the Bevans Cemetery Association, and under the control of their trustee board. It is still an active cemetery. The site is in need of repairs to the slate roof, replacement of 25 sets of wooden shutters, and paint to paint the building, as well as repairs to the road in the cemetery. Eventually some much needed repairs can be made to the interior of the church as well. Any donation will be very much appreciated.

Thank you for your donation to help us preserve this historic church and churchyard.

Please see the Sunday, August 13, 2017, edition of the New Jersey Herald (History section) for a complete story about the Bevans Church and Churchyard and its wonderful history!

Thank you so much for helping the Bevans Cemetery Association.

All donations are greatly appreciated:
